Mayor Steve A Hiatt
Members of the City Council
and Citizens of Kaysville City:

The Comprehensive Annual Financial Report (CAFR) of Kaysville City for the Fiscal Year 2013 is hereby submitted.

This report consists of management's representations concerning the finances of Kaysville City. Publication of this report provides important financial information. The management of Kaysville City assumes responsibility for the accuracy, completeness and fairness of the presentation.

We believe the information in this CAFR is accurate in all material respects and presents fairly the financial position and the results of the operations of the City in accordance with generally accepted accounting principles (GAAP). We believe that the disclosures necessary have been made to enable the reader to gain a proper understanding of the financial affairs of the City.

This Comprehensive Annual Financial Report is organized into four main sections:

1. The **Introductory Section** contains general information regarding the organization of the City and overall financial profile of the City including the Management Discussion & Analysis (MD&A). The MD&A is a summary of the changes in the City's financial position throughout the year.
2. The **Financial Section** includes the independent auditors report, managements discussion and analysis, basic financial statements and required supplemental information. Also included are individual fund statements.
3. The **Statistical Section** presents several tables depicting the financial history of the City and demographic and other useful information. This information is presented to assist in obtaining an understanding of the City.
4. The **Compliance Section** includes the additional financial statements, supplemental schedules, independent auditor's report, and supplemental reports as required by the Single Audit Act of 2004 and by the U.S. Office of Management and Budget Circular A-133.

In accordance with State law, the financial statements included herein have been audited by an independent auditor. A firm of certified public accountants, Hansen, Bradshaw, Malmrose & Erickson, P.C. has completed this year's independent audit. Hansen, Bradshaw, Malmrose & Erickson, P.C. has also provide technical assistance in the preparation of this report. We appreciate the assistance they have provided. The aim of the audit involved examining, on a test

October 30, 2013

basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and the estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that Kaysville City's financial statements for the fiscal year ended June 30, 2013, are fairly presented in conformity with GAAP. The independent auditors report is presented as the first component of the financial section of this report.

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Kaysville City for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This is the nineteenth consecutive year that Kaysville City has received this award. In order to receive a certificate of achievement, the government must publish an easily readable efficiently organized CAFR. Qualifying reports must satisfy both GAAP and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the requirements. We are submitting this report to GFOA to determine its eligibility for another certificate.

We respectfully submit this report.

KAYSVILLE CITY FINANCIAL PROFILE

General Information

Kaysville City was settled in 1850 and on March 15, 1868 it was incorporated, becoming the first city to be incorporated in Davis County.

Kaysville is located along the Wasatch Front directly between Ogden City to the north and Salt Lake City to the south. Kaysville is considered primarily a bedroom community with current population estimated at approximately 28,700 residents. Kaysville experiences an average growth rate of 2.5% - 3%, primarily residential, due to the proximity of larger economic centers and the desire of the citizens for the City to remain a rural residential community. The build-out population is estimated at approximately forty-two thousand within the next twenty to twenty five years.

The City covers an area of approximately eleven square miles, bordered by the Wasatch Mountains on the east and the Great Salt Lake on the west.

Organization and Services

Kaysville City operates under a council form of government with an appointed City Manager. The Mayor and five City Council members are elected at large with staggered terms. The City provides a full range of municipal services including, general administration, public safety, public works and utilities, parks and recreation, and community development. An organization chart is found at the end of this section.

Economic Factors

The local economy is stable. The majority of the workforce commutes to larger economic centers. The unemployment rate is below the national unemployment rate and below the State unemployment rate of 4.6%. Income levels are above the State average. The area continues to have a good labor and business climate whereas the workforce is young and well educated. The economy of Kaysville is primarily based on service industries to accommodate the residential population including grocery stores, small retail shops, gas stations, etc.

Transportation and Accessibility

Major interstates and highways provide easy access to Kaysville City. Interstate I-15 runs north and south through the City and there is easy access to Interstate 80 and Interstate 84 and many other major roads and highways. Many major western cities are only a day away by commercial carrier. The Salt Lake International Airport is readily accessible within twenty five minutes. The airport is anchored by Delta Airlines and Southwest Airlines, with several air and cargo express carriers.

Major Initiatives

City leaders continue to strive to provide city services in an efficient and effective manner. The on-going plan includes improving facilities and improving the economic base while controlling growth and containing future costs to the City. The demands of keeping up with the residential growth is the primary challenge for City leaders. This includes providing adequate infrastructure to support the growth. Over the past several years, the City has focused on building and maintaining the infrastructure. City resources have been spent on street improvements, utility extensions, electrical substations and park development. Additional resources will be spent in these areas in future years.

Financial Reporting and Accounting Standards

Kaysville City conforms to generally accepted accounting principles established by the Government Accounting Standards Board (GASB). The accounts of the City are organized based on fund, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise of its assets, liabilities, fund equity and revenues and expenses. Resources are allocated to and accounted for based on the purpose of each fund. Further discussion of accounting and budgeting matters may be found in the Financial Section of this report in "Notes to Basic Financial Statements." The following fund types are included in this report.

General Fund - The general fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. It also includes the financial activities related to Class "C" funds which funds are restricted as to use.

Capital Projects Fund - The capital projects fund is used to account for financial resources used for the acquisition or construction of major capital facilities other than those financed by a proprietary fund, special assessment fund or trust fund.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources to be used for principal and interest payments of long term debts.

Enterprise Funds - The enterprise funds are used to account for the operations that are financed and operated in a manner similar to private business enterprises. The intent is to provide services on a continuing basis to be recovered primarily through user charges.

Permanent Funds - Permanent funds are used to account for and report resources that are legally restricted to the extent that only the earnings and not the principal may be used.

A description of each fund and fund type included in this report are as follows:

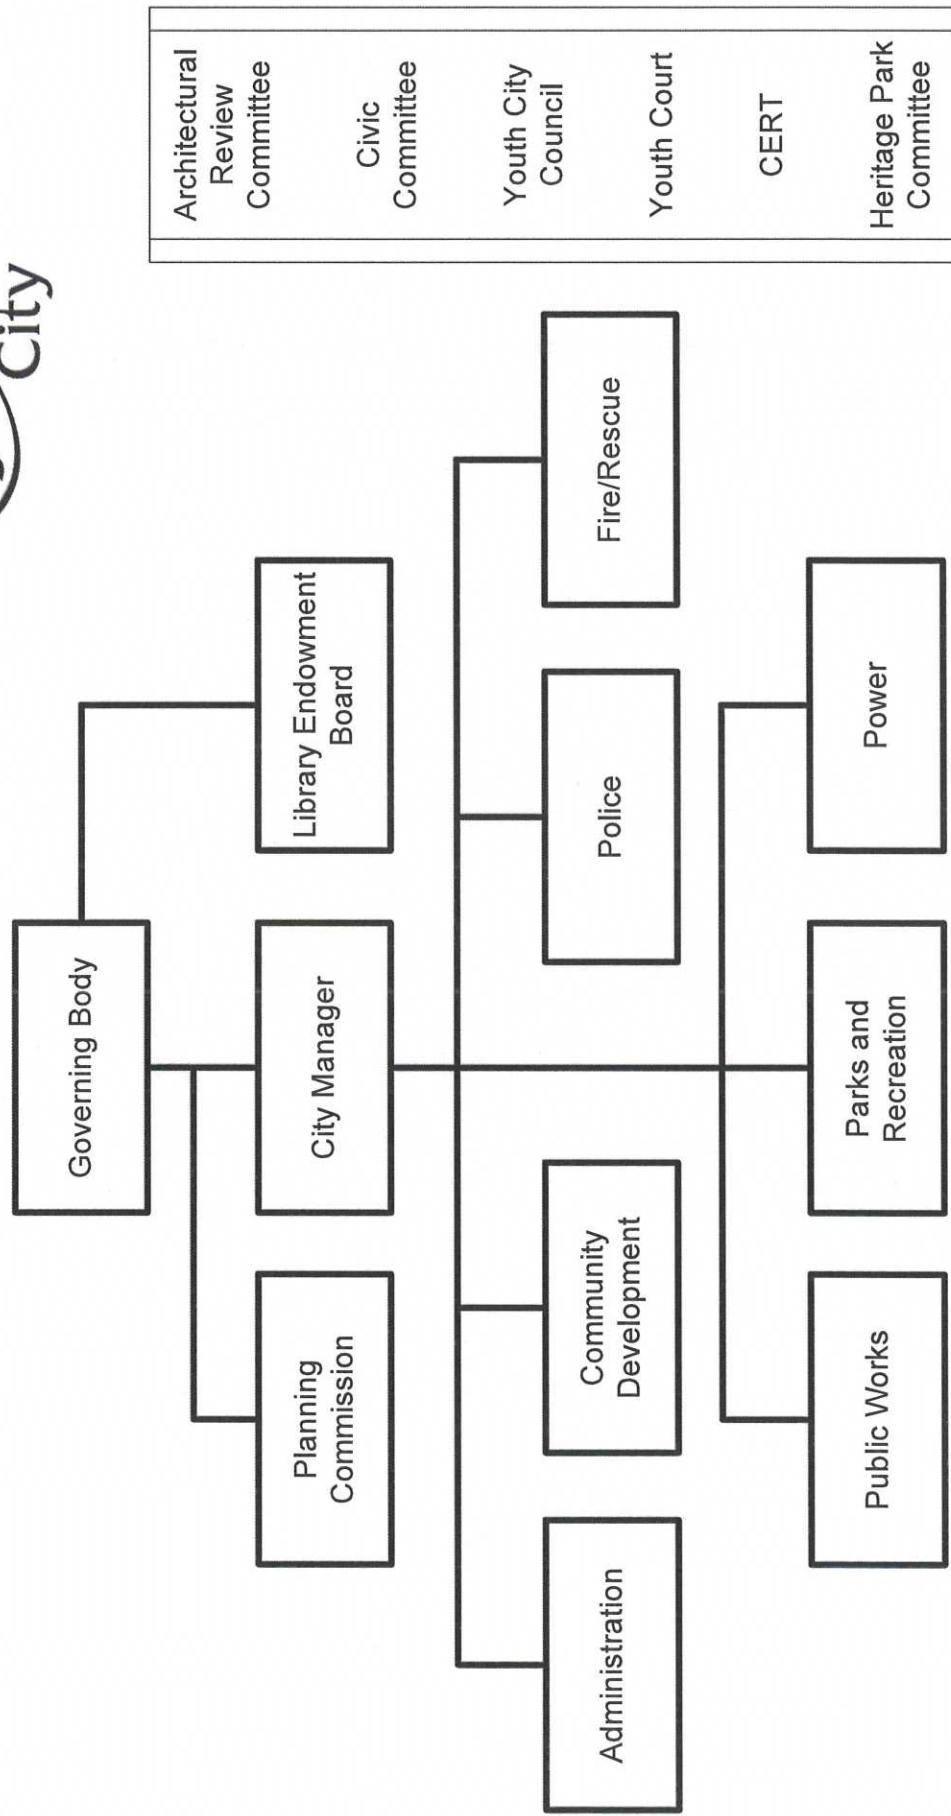

<u>Description</u>	<u>Fund Type</u>
General Fund	General Fund
Capital Projects Fund	Capital Projects Fund
Debt Service Fund	Debt Service Fund
Water Fund	Enterprise Fund
Sewer Fund	Enterprise Fund
Storm Water Fund	Enterprise Fund
Pressure Irrigation Fund	Enterprise Fund
Electric Fund	Enterprise Fund
Sanitation Fund	Enterprise Fund
Ambulance Fund	Enterprise Fund
Cemetery Perpetual Care Fund	Permanent Fund
Library Endowment Fund	Permanent Fund

The City operates an integrated budgetary and accounting system which incorporates the adoption of a formal budget for each department. The budget is adopted in June of each year for the ensuing year beginning July 1. State statutes define the legal level of budgetary control at the department level. Monthly financial statements are distributed to each department with the charge that obligations are closely monitored. The budget is reopened as required to consider necessary adjustments.

Safeguarding assets and providing reasonable assurance that financial transactions are properly recorded requires implementation of internal controls. The City's internal controls are presently accomplishing the objective in all material respects. Further discussion of accounting matters may be found in the "Notes to Basic Financial Statements".

Requests for Information

This comprehensive annual financial report is designed to provide a general overview of the financial affairs and condition of Kaysville City. INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council
Kaysville City Corporation, Utah

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Kaysville City Corporation, Utah ("the City"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of Kaysville City Corporation, Utah, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 11-20 and 61-66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The budgetary comparison information and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2013 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Hansen, Bradshaw, Malmrose & Erickson, P.C.

October 30, 2013

MANAGEMENT'S DISCUSSION AND ANALYSIS

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

The following is a discussion and analysis of Kaysville City's finances for the fiscal year ended June 30, 2013. We believe that this narrative when read in conjunction with the letter of transmittal, financial profile, the financial statements and particularly the notes to the financial statements should assist the reader in understanding the finances of Kaysville City.

Financial Highlights

Government Wide

- The City's total net position increased by \$4,230,957 or 3.78% over the prior year. Net position of governmental activities increased by \$1,548,402 or 2.65%. Net position of business-type activities increased by \$2,682,555 or 5.01%.
- The City's total net position are made up of primarily capital assets. Generally capital assets are made up of infrastructure and are not available to meet on-going obligations. Of the total net position of \$116,144,252, \$102,829,046 (88.5%) includes investments in capital assets; \$5,058,164 (4.4%) in restricted uses and \$8,257,042 (7.1%) in unrestricted uses and available to meet City obligations.
- The City's restricted assets of \$5,058,164 increased by 16.63% from last year. This is due to an increase in transportation impact fees and restricted Class C Road Funds. These assets are restricted primarily for capital expenditures from collected development impact fees.
- The City's unrestricted assets of \$8,257,042 include \$2,074,489 available for governmental activities and \$6,182,553 available for business-type activities. Overall this is a decrease of 3.37% from the prior year.

Fund Level

- The fund balances in governmental funds had an increase of \$626,569 from \$7,181,082 to \$7,807,651.
- The proprietary funds had an overall net income before transfers and contributions of \$866,334.

Long Term Debt

- Overall the City's long term liabilities decreased in the amount of \$79,247 over the prior year. As of June 30, 2013, the liabilities balance for governmental activities is \$1,661,296 and \$1,771,705 for business-type activities.

Overview of the Financial Statements

This report includes the City's Basic Financial Statements. The Basic Financial Statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the Basic Financial Statements, this report also contains the required supplementary information, and fund data including combining statements for non-major funds and a statistical section.

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities comprise the government-wide financial statements. These statements provide a broad overview with a long term focus of the City's finances as a whole and are prepared using the *full-accrual* basis of accounting similar to private sector companies.

The statement of net position presents information on all the City's assets, liabilities, and deferred inflow of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the City's financial condition is getting better or worse.

The statement of activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving the rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) and from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

Fund Financial Statements

The fund financial statements provide detailed information about individual funds. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise of its assets, liabilities, fund equity and revenues and expenses. In this report all of the funds can be divided into two classes: governmental funds and proprietary funds.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, government fund financial statements focus on near-term inflows and outflows of spendable resources. The city maintains a general fund, a capital projects fund and a debt service fund as governmental funds. In addition the City also maintains two permanent funds for cemetery perpetual care and a library endowment. These two funds restrict the use of the principal and allow the interest earnings to be spent subject to certain restrictions.

Proprietary Funds are used to account for similar functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its utility operations and for ambulance service. These activities are similar to that of a private business enterprise.

Notes to Financial Statements

The notes provide additional schedules, detail and information essential for a complete understanding of the financial information provided in the government-wide statements and the fund financial statements. The notes apply to both statement types.

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

Financial Analysis of Government-wide Statements

Net Position

Kaysville City's Net Position is as follows:

	Governmental Activities		Business-type Activities		Total	
	2012	2013	2012	2013	2012	2013
Assets						
Current and Other Assets	\$10,841,007	\$10,485,022	\$8,211,502	\$8,254,271	\$19,052,509	\$18,739,293
Capital Assets	\$52,416,060	\$54,652,219	\$49,386,731	\$51,821,545	\$101,802,791	\$106,473,764
Total Assets	\$63,257,067	\$65,137,241	\$57,598,233	\$60,075,816	\$120,855,300	\$125,213,057
Liabilities						
Current Liabilities	\$2,994,295	\$2,955,984	\$2,280,968	\$2,504,805	\$5,275,263	\$5,460,789
Non-Current Liabilities	\$704,617	\$1,052,034	\$1,735,787	\$1,306,978	\$2,440,404	\$2,359,012
Deferred Inflows	\$1,226,338	\$1,249,004	\$ -	\$ -	\$1,226,338	\$1,249,004
Total Liabilities & Deferred Inflow	\$4,925,250	\$5,257,022	\$4,016,755	\$3,811,783	\$8,942,005	\$9,068,805
Net Position						
Investments in Capital (net)	\$51,804,229	\$52,754,347	\$47,227,210	\$50,074,699	\$99,031,439	\$102,829,046
Restricted	\$4,125,439	\$5,051,383	\$211,341	\$6,781	\$4,336,780	\$5,058,164
Unrestricted	\$2,402,149	\$2,074,489	\$6,142,927	\$6,182,553	\$8,545,076	\$8,257,042
Total Net Position	\$58,331,817	\$59,880,219	\$53,581,478	\$56,264,033	\$111,913,295	\$116,144,252

Changes in Net Position:

The City's combined net position increased over the prior year by \$4,230,957 (3.78%). Generally an increase or decrease in net position offers a measuring tool of the overall financial condition. This indicates that the City's overall financial condition has slightly improved over the prior year. The unrestricted net position and available for ongoing obligations decreased by \$288,034. Overall liabilities increased by \$126,800.

Governmental and Business-Type Activities

The tables below illustrate the sources of revenues and the expenses for governmental activities and business-type activities compared to the prior year. It shows to what extent the City's governmental activities relied on taxes and other general revenues to cover all their costs and to what extent the service charges of the business-type funds adequately cover their costs. Obviously, the business of government is primarily funded by taxes and other general revenues.

KAYSVILLE CITY, UTAH

Increase (decrease) in net position	\$328,334	\$1,548,402	\$1,485,802	\$2,682,555	\$1,814,136	\$4,230,957
Net Position- Beginning of Fiscal Year	\$58,003,483	\$58,331,817	\$52,095,676	\$53,581,478	\$110,099,159	\$111,913,295
Net Position - Ending of Fiscal Year	\$58,331,817	\$59,880,219	\$53,581,478	\$56,264,033	\$111,913,295	\$116,144,252

The change in the net position is partially attributed to an increase in sales tax revenue collected of approximately six percent and in an increase in building permit activity as the economy continues to slowly improve. During the fiscal year, the City implemented a green waste recycling program accounted for in the sanitation utility enterprise fund. Containers were donated to the City by Wasatch Integrated Waste of a value of \$189,060.

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

Capital Assets

The City's investment in capital assets for its governmental activities and business-type activities at June 30, 2013 is \$105,454,794 (net of accumulated depreciation). This is a net increase of \$3,652,003. During the year the City purchased a fire truck valued at \$832,850, two plow trucks valued at \$311,060 from the governmental funds and a bucket truck valued at \$219,314 from the electric utility funds. This resulted in an increase in the vehicles value. However, vehicles are aging but the City's new vehicle replacement program that has been in effect for three years is helping the vehicles to hold their value and increase usefulness and effectiveness of the City vehicles.

Additional information on the City's capital assets can be found in note 5 on pages 50-52 of this report.

Long Term Debt / Liabilities

Overall the City had a net decrease in long term liabilities in the amount of \$146,277. Kaysville City has no general obligation debt. The table below shows the overall debt position of the City for governmental activities and business-type activities compared to the prior fiscal year. Additional detailed information regarding long term debt may be found in the Notes to the Financial Statements.

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

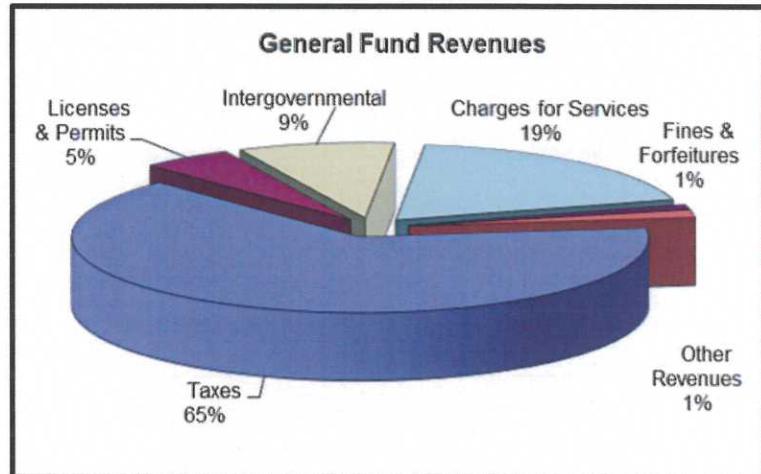

Analysis of Financial Funds

Governmental Funds

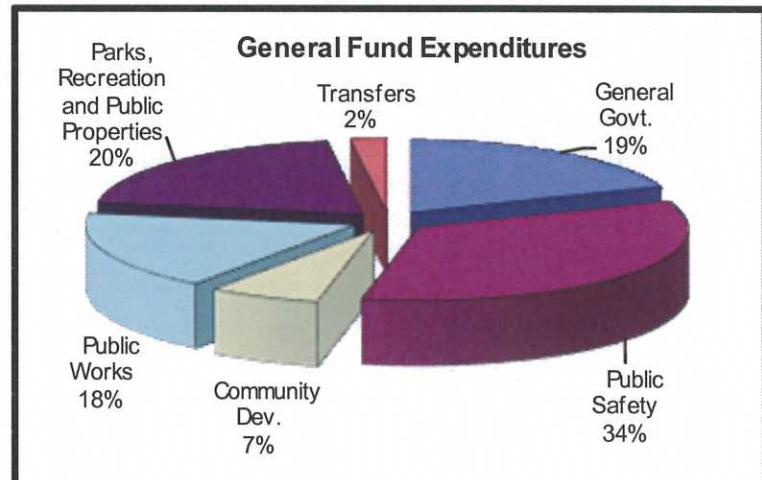

The focus of the City's governmental funds is to account for and provide information on near-term inflows, outflows and spendable resources. The primary governmental fund is the general fund. The City also maintains a capital projects fund, a debt service fund and permanent funds for cemetery perpetual care and library endowment. The table below and accompanying graphs depict the revenues and expenditures during the fiscal year 2013 and a comparison to fiscal year 2012.

Governmental Funds

<u>General Fund</u>	
Revenues:	
Taxes	\$6,594,291
Licenses and Permits	\$520,908
Intergovernmental	\$896,161
Charges for Services	\$1,921,555
Fines and Forfeitures	\$98,625
Other Revenues	\$164,604
	\$10,196,144

Expenditures:

Parks, Recreation & Public Properties	\$1,940,756	\$2,040,573	\$99,817	4.89%
Transfers (net)	\$480,000	\$215,000	(\$265,000)	(123.26%)
	<hr/> \$9,661,104	<hr/> \$10,017,196	<hr/> \$356,092	<hr/> 3.55%

General fund revenues for fiscal year 2013 totaled \$10,196,144. This represents a decrease of approximately 0.09% from fiscal year 2012. Sales tax continued to increase by 5.91% as the economy continues to recover. Property tax revenues increased at a rate of 1.99% from the prior year due to additional growth of the tax base during the year. Due to the increase in subdivisions completed, there was an increase in developer's contributions during the fiscal year.

The 2013 property tax rates continued to indicate Kaysville City is the 2nd lowest property tax rate in Davis County.

General fund expenditures for fiscal year 2013 total \$10,017,196. This is a small increase of 3.69% over fiscal year 2012 of \$9,661,104.

Based on a study in fiscal year 2011, the Utah Taxpayers Association along with the Center for Public Lands and Rural Economics at Utah State University found that Kaysville City is the second lowest per capita cost of government among 30 Utah cities with a population more than 20,000 residents at \$378.76 per resident.

Variations with Budget:

During fiscal year 2013 it was necessary to amend the original budget that was approved by the council for unforeseen expenditures and revenues. All amendments were done in accordance with state law and approved by the council. It is normal and necessary to amend the original budget throughout the year for unforeseen circumstances.

During the year the community events brought in additional funding than was originally budgeted for and in addition increased their expenditures accordingly; The recreation department had an increase in participation for various activities they offer. As a result of additional participation, it was necessary to increase the revenue and expenditures for the recreation department by the same amounts. The council amended the budget and

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

authorized the purchase of two plow trucks and a loader for the public works department to replace items that were aged. It was also necessary to amend the vehicle replacement revenues and expenditures for the same amount of the sale of various vehicles purchased throughout the year. This allows the revenue for the sale of the vehicles to be used to purchase additional vehicles.

Capital Projects Fund

The capital projects fund was used to account for major capital projects during the fiscal year 2013. In 2013, the capital projects fund received \$150,000 in donation, all of which was spent for Heritage Park improvements. The revenues and expenditures compared to the previous year are illustrated as follows:

Capital Projects Fund	FY 2012	FY 2013
Revenue:		
Impact Fees	\$ 388,108	\$ 811,948
Interest	18,715	9,945
Donations	130,000	150,000
Transfers from Other Funds	-	-
	\$ 536,823	\$ 971,893
Expenditures:		
Rail Trail	\$ 77,743	\$ 2,299
Police Station	-	5,150
Heritage Park	304,527	442,915
Transfers	1,345,000	107,000
	\$ 1,727,270	\$ 557,364

Debt Service Fund

During the fiscal year 2013, the debt service fund was used to account for the payment of Pioneer Park Property and the 2010 Road Revenue bonds.

Debt Service Fund	FY 2011	FY 2012
Revenue:		
Transfers	\$ 1,660,000	\$ 422,000
Lease Proceeds	-	832,850
Interest	264	779
	\$ 1,660,264	\$ 1,255,629
Expenditures:		
Pioneer Park Property	\$ 114,000	\$ 107,000
UDOT Payment	1,226,738	-
Fire Truck Lease	-	832,850
2010 Road Revenue Bond	313,538	312,838
	\$ 1,654,276	\$ 1,252,688

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

Permanent Funds

The City maintains two permanent funds. These funds have restrictions on the principal balance and only investment earnings may be spent. The cemetery perpetual care fund is used to account for monies deposited with the City for the perpetual maintenance of the cemetery. A perpetual care fee is charged with the sale of each burial lot. As of June 30, 2013, the principal balance is \$1,580,229. The library endowment fund is used to account for monies provided by a private donor. Alan and Kay Blood, longtime residents of Kaysville City donated property to be sold with the proceeds of the sale to be used to supplement library expenditures. Each year 10% of the interest earned is added to the corpus of this fund. The corpus of this fund is \$685,871 with the total fund balance of \$958,109. This fund will continue to be used to augment the collection held at the Kaysville Library, now that it is part of the Davis County Library system.

Proprietary Funds

The City maintains several enterprise funds to account for operations that are operated in a manner similar to a private business. Fees and user charges are collected to operate the enterprise. Most of these funds are public utilities. The City also operates an ambulance service. Since fees are charged for this service, ambulance operations are accounted for in an enterprise fund.

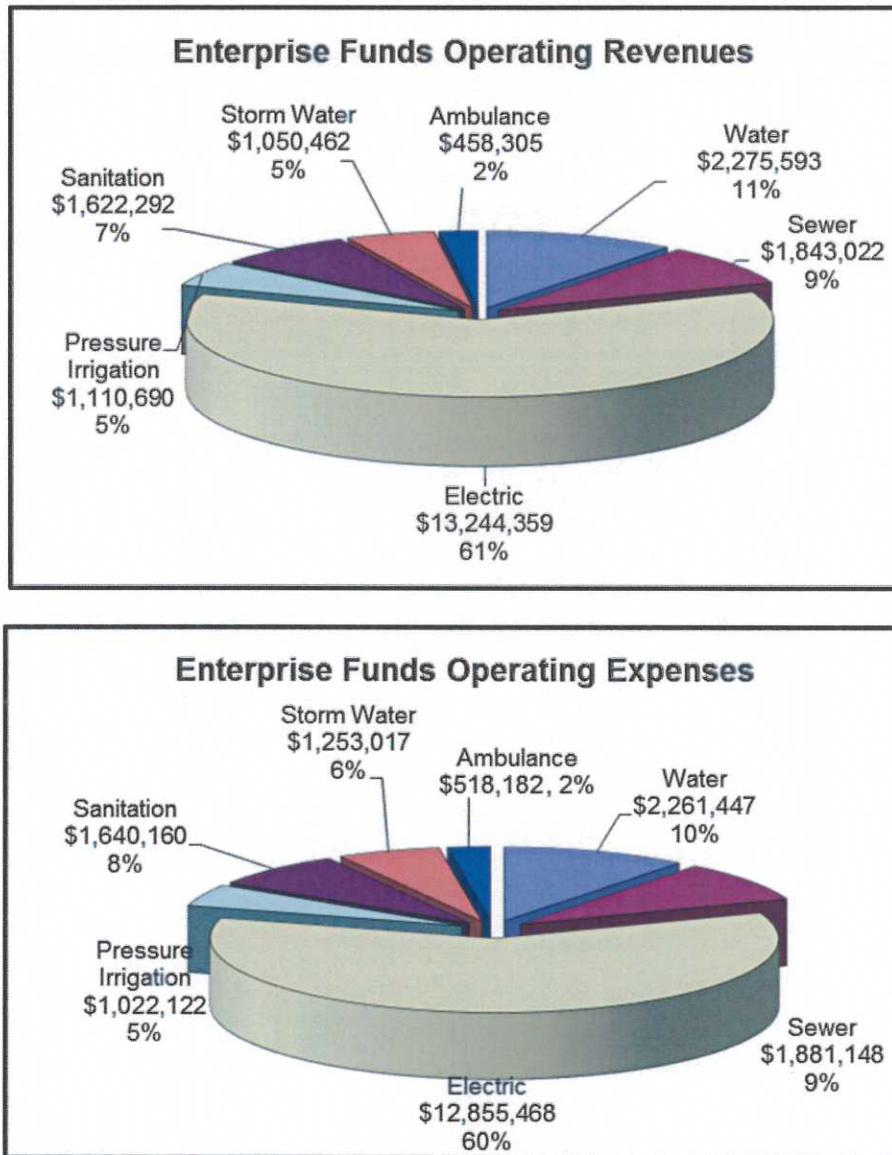

Operating revenues for all proprietary funds totaled \$21,604,723. This is an increase of about 6.92% over the prior year of \$20,109,931. Most of this increase is attributable to the population growth of the city. Operating expenses totaled \$21,431,544. This is an increase of approximately 5.05%. As the City continues to grow, more and more electrical resources are needed. Continued monitoring of each utility will be necessary to ensure operating revenues cover operating expenses as the costs to provide these services continue to increase.

The table below and accompanying charts show the operations for fiscal year 2013.

Proprietary Funds		Water	Sewer	Electric	Pressure Irrigation	Sanitation	Storm Water	Ambulance	Total
Operating Revenues		\$2,275,593	\$1,843,022	\$13,244,359	\$1,110,690	\$1,622,292	\$1,050,462	\$458,305	\$21,604,723
Operating Expenses		\$2,261,447	\$1,881,148	\$12,855,468	\$1,022,122	\$1,640,160	\$1,253,017	\$518,182	\$21,431,544

Net Income / (loss) before contributions		\$149,274	(\$38,126)	\$686,568	\$88,568	(\$24,700)	(\$199,011)	\$103,761	\$766,334

KAYSVILLE CITY, UTAH
MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2013

The Proprietary Funds are segmented and illustrated below:

Conclusion

The outlook for Kaysville City remains positive. The challenge, of course, will be to continue to provide the critical services to a growing, primarily residential population.

This financial report is designed to provide a general overview of Kaysville City's finances. We believe this narrative read in conjunction with the other financial information included herein provides a clear understanding of the finances of Kaysville City.

Additional information may be obtained by contacting Kaysville City Finance at 23 East Center, Kaysville, Utah 84037, or by telephone (801)546-1235.

KAYSVILLE CITY
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2013

Amounts reported for governmental activities in the statement of net position are different because:

Total Fund Balances- Total Governmental Funds	\$ 7,807,651
--	---------------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land	5,351,836
Buildings, net of \$1,467,827 accumulated depreciation	3,248,429
Improvements, net of \$2,637,051 accumulated depreciation	3,308,742
Infrastructure, net of \$21,804,782 accumulated depreciation	39,350,792
Equipment, net of \$1,401,473 accumulated depreciation	536,404
Vehicles, net of \$2,842,221 accumulated depreciation	1,943,164
	53,739,367

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and therefore are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net assets. Balances at year-end are:

Bonds Payable	(598,000)
Notes Payable	(760,189)
Accrued Interest	(5,503)
Compensated Absences	(303,107)
	(1,666,799)
Total Net Position Governmental Activities	\$ 59,880,219

The notes to the financial statements are an integral part of this statement.

KAYSVILLE CITY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENT FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2013

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances-total governmental funds \$ 626,569

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$4,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current period.

Capital outlays	1,337,816	
Depreciation expense	<u>(2,445,394)</u>	(1,107,578)

The effect of contributed capital assets from developers is not recorded in the fund financial statements, but is reported as revenues and capital assets in the government-wide financial statements. 1,603,396

The sale of assets is recorded as a revenue in the governmental funds, but the sale reduces capital assets in the statement of net position.

Proceeds	13,529	
Gain (Loss) on sale of assets	<u>(18,890)</u>	(5,361)

Payment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Debt proceeds are reported as other financing sources in the fund statements, but are reported as long-term liabilities in the government-wide statements.

Payment of note payable	172,661	
Payment of bond principal	<u>287,000</u>	
Compensated absences	<u>199,190</u>	658,851

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These expenses include changes to:

Accrued compensated absences	(253,310)	
Accrued interest	<u>25,835</u>	<u>(227,475)</u>

Change in net position of governmental activities \$ 1,548,402

The notes to the financial statements are an integral part of this statement.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Kaysville City was settled in 1850 and on March 15, 1968 was incorporated. Kaysville operates under a council form of government with an appointed city manager. The Mayor and the five City Council members are elected at large with staggered terms. The City provides the following services: public safety (police, fire, and ambulance), public utilities (water, sewer, electric, sanitation, pressure irrigation, and storm water), streets, library endowment, parks, recreation, cemetery, public works, planning and zoning, code enforcement and general administrative services.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the City are discussed below.

In defining the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by the GASB.

Blended Component Units

The Municipal Building Authority of Kaysville City, Utah (MBA) is the only blended component unit of the City. The MBA's governing board is financially dependent upon the City government. There was no activity during the year in the MBA.

Basic Financial Statements - Government-Wide Statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. Government activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which primarily rely on fees and charges for support.

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business type.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements and the statements for governmental funds. The primary effect of internal activity has been eliminated from the government-wide financial statements.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Indirect expenses for centralized services and administrative overhead are allocated among the programs.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functions and segments using a full cost allocation approach are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the government.

The City has the following fund types:

Governmental funds are used to account for the City's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Governmental funds include the following fund types:

General Fund (major) is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Capital Projects Fund accounts for the acquisition of capital assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Debt Service Fund accounts for resources accumulated and payments made of principal and interest in general obligations for the City.

Perpetual Cemetery Fund is used to account for perpetual care fees and the improvement and maintenance of the cemetery.

Library Endowment Fund is used to account for a permanent endowment donated solely for the use of the library. Ten percent of the interest earnings from the principal are restricted and added to the permanent endowment. The remaining interest earnings are expendable for the library.

Proprietary funds are accounted for on the flow of economic resources and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Each proprietary fund in the City is used for its respective utility or function as indicated by the title of the fund.

Enterprise Funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The water, sewer, electric and storm water funds are considered major funds.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City has a total of twelve funds, including five governmental funds and seven proprietary funds.

Measurement Focus and Basis of Accounting

The accounts of Kaysville City are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Accrual:

Both governmental and business-type activities in the government-wide financial statements and the proprietary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual:

The governmental fund financial statements are presented using the current financial resources measurement focus on the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available". "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period.) The government considers all revenues available if they are collected within 60 days after year end.

Property and sales taxes, Class C Road distributions, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues in the current fiscal period. All other revenue items are considered to be measurable and available only when the cash is received by the City.

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term liabilities which is recognized when due, and certain compensated absences, claims and judgments which are recognized when the obligations are expected to be liquidated with expendable and available financial resources.

Assets, Liabilities and Equity

Deposits and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, repurchase agreements and the State Treasurers' Investment Pool.

Investments are stated at cost which approximates fair value.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

Property taxes are recognized when they are measurable and available. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on June 15 and are due on November 30. City property tax revenues are not recognized when levied because they are not expected to be collected within 60 days after the end of the current year. This policy meets the criteria of the Governmental Accounting Standards Board Codification, Section P70.

Inventories and Prepaid Items

Inventories are valued at cost using the replacement value method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets

Capital assets used in governmental fund types of the City are reported in the applicable governmental or proprietary fund columns in the financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$4,000 (amount not rounded) and an estimated useful life in excess of two years. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are recorded at their estimated fair market value at the date of donation.

Property, plant and equipment in the proprietary funds of the City are recorded at cost. Property, plant and equipment donated to these proprietary fund type operations are recorded at their estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add materially to the value of the asset or materially extend assets' lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Major outlays for capital assets and improvements are capitalized in proprietary funds as projects are constructed. Interest incurred during the construction phase of proprietary fund capital assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

Property, plant and equipment are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	60
Other Infrastructure	40
Water System	35
Electrical System	35
Improvements	30
Equipment	7
Vehicles	5-7

Compensated Absences

The City accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee.

For reporting purposes, the City's proprietary funds report the amounts accrued for all employees as a liability, while the governmental fund financial statements only report a liability for matured compensated absences for terminated employees. The governmental funds liability balance for all employees is maintained separately and represents a reconciling item between the fund and government-wide presentations.

Deferred Inflows and Outflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period, and is therefore deferred until that time.

Governmental funds report revenue that is unavailable as deferred inflows of resources. The City's Governmental funds report unavailable revenue from property taxes. These amounts are deferred and recognized as revenue in the period that the amounts become available.

Deferred outflows of resources represent a consumption of net position that applies to a future period and is therefore deferred until that time. The City did not have any deferred outflows as of June 30, 2013.

Long-term Liabilities

The City reports long-term liabilities of governmental funds at face value in the applicable governmental fund, enterprise fund or proprietary fund type balance sheet. Certain other governmental fund liabilities not expected to be financed with current available financial resources are also reported in the applicable fund type. Long-term liabilities and other obligations financed by proprietary funds are reported as liabilities in the appropriate funds.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Long-term Liabilities (continued)

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. Bond proceeds are reported as another financial source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. Bonds payable are reported net of the applicable bond premium or discount.

Equity

Fund financial statements

In February 2009, GASB issued Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions. The statement is effective for years beginning after June 15, 2010. The statement applies only to fund financial statements and not to government-wide statements or proprietary fund statements. Proprietary fund equity is classified the same as in the government-wide statements. The fund balances may be classified as follows:

- a. Non-spendable – Fund balances that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted fund balance – Fund balances are reported as restricted when they are constrained by externally imposed legal restrictions, by law through constitutional provisions or enabling legislation, or restrictions set by creditors, grantors, or contributors.
- c. Committed fund balance – Fund balances are reported as committed when the Council formally designates the use of resources by ordinance or resolution for a specific purpose and cannot be used for any other purpose unless the City Council likewise formally changes the use.
- d. Assigned fund balance – Fund balances are reported as assigned when the City Council or Management intends to use funds for a specific purpose. Normally funds are assigned by the appropriation process of setting the budget. Additionally, funds in special revenue, debt service, and capital project funds are by their nature assigned to the purpose of those respective funds.
- e. Unassigned fund balance – Fund balances in the general fund are reported as unassigned when they are neither restricted, committed, nor assigned. They may be used for any governmental purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless City Council has provided otherwise in its commitment or assignment actions.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity (Continued)

Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Net Investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Interfund Transactions

Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as revenues in the fund that is reimbursed.

All other interfund transactions, except interfund services provided and used, are reported as transfers. All other interfund transfers are reported as non-operating transfers.

Operating Revenues and Expenses

Operating revenues and expenses in the proprietary funds consist of those revenues that result from the ongoing principal operations of the City. Operating revenues consist of charges for services. Nonoperating revenues and expenses consist of those revenues and expenses that are related to financing and investing type activities and result from nonexchange transactions or ancillary activities.

Restricted Net Position

All of the City's reserved fund balances are also considered restricted net position.

Class C Roads - all unexpended Class "C" Road payments at the end of the fiscal year are restricted by state law to be appropriated in the following budget year.

Beer Tax Reserves - all unexpended Beer Tax payments at the end of the fiscal year are restricted by state law to be appropriated in the following budget year.

Park Development Impact Fees – a park development impact fee is charged on all new construction permits. The use of these fees is limited by state law. The unexpended balance is to be used for new parks to be developed throughout the City. Accordingly, net position has been restricted.

**KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Net Position (Continued)

Transportation Impact Fees – a transportation impact fee is charged on all new construction permits. The use of these fees is limited by state law. The unexpended balance is to be used for roadway facilities. Accordingly, net position has been restricted.

Public Safety Impact Fees – a public safety impact fee is charged on all new construction permits. The use of these fees is limited by state law. The unexpended balance is to be used for public safety. Accordingly, net position has been restricted.

Water Impact Fees - a water impact fee is charged on all new construction permits. The use of these fees is limited by state law to be used for capital outlay in the water fund. Accordingly, net position has been restricted.

Electric Impact Fees - a capacity impact fee is charged on all new construction permits. The use of these fees is limited by state law to be used for capital outlay in the electric fund. Accordingly, net position has been restricted.

Perpetual Cemetery – the perpetual cemetery fund holds part of the fees collected at the time the cemetery lot is sold. The perpetual cemetery fund has a restriction of part of lot sales which is used for perpetual care. The restriction is set by city ordinance.

Library Endowment - the library endowment restriction is imposed by a contributor. The principal portion of the contribution is fully restricted, plus a portion of the interest earned each year. Thus only part of the interest earned on the principal may be used and is restricted for library expenditures.

When both restricted and unrestricted net position are available for use, the City's policy is to use restricted net position first, then unrestricted as needed.

New Pronouncements

The Governmental Accounting Standards Board issued Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflow of Resources, and Net Position." Although not required to do so, the City has elected to early adopt Statement No. 65 by the Board, "Items Previously Reported as Assets and Liabilities." The implementation of these statements has resulted in changes to the financial statement previously referred to as the Statement of Net Assets, now the Statement of Net Position, and the reclassification of certain asset and liability balances as deferred outflows and inflows.

2. DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits as well as time deposits. Investments are stated at cost or amortized cost, which approximates fair value. Each fund's portion of this pool is displayed as "Cash and Cash Equivalents" which also includes cash accounts that are separately held by some of the City's funds. Deposits are not collateralized nor are they required to be by State statute.

The City follows the requirements of the Utah Money Management Act (*Utah Code, Section 51, Chapter 7*) in handling its depository and investment transactions. This Act requires the depositing of city funds in a "qualified depository". The Act defines a "qualified depository" as any financial institution whose deposits are insured by an agency of the Federal government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

2. DEPOSITS AND INVESTMENTS (Continued)

Deposits

Custodial credit risk – Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned to it. As of June 30, 2013, \$1,163,386 of the City's bank balances of \$1,938,116 was uninsured and uncollateralized.

Investments

The Money Management Act defines the types of securities authorized as appropriate investments for the City and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the City to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations, one of which must be Moody's Investors Services or Standard & Poor's; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; bonds, notes and other evidence of indebtedness of political subdivision of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Act; and the Utah State Public Treasurers' Investment Fund (PTIF).

The PTIF is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act, Section 51-7, *Utah Code Annotated, 1953*, as amended. The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains and losses – net of administration fees, of the PTIF are allocated based upon the participant's average daily balance. The fair value of the PTIF Investment pool is approximately equal to the value of the pool shares.

As of June 30, 2013, the GASB Fair Value Factor for the PTIF was 1.00502171. The amortized cost of the PTIF was \$12,218,334 and the fair value of was \$12,279,691.

As of June 30, 2013, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)					Quality Ratings
		Less than 1	1-5	6-10	More than 10		
PTIF Investments	\$ 12,218,334	\$12,218,334	\$ -	\$ -	\$ -	not rated	
Money Market	300,764	300,764	-	-	-	not rated	
Certificates of Deposit	512,847	367,260	145,587	-	-	not rated	
	\$13,031,945	\$12,886,358	\$ 145,587	\$ -	\$ -		

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

2. DEPOSITS AND INVESTMENTS (Continued)

Interest rate risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City manages its exposure to declines in fair value by investing mainly in the Utah Public Treasurers' Investment Fund and by adhering to the Money Management Act. The Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity of commercial paper to 270 days or less and fixed rate negotiable deposits and corporate obligations to 365 days or less. Maturities of the City's investments are noted in the previous table.

Credit risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act as previously discussed.

Concentration of credit risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar held in the portfolio. The City's investment in the Utah Public Treasurers' Investment Fund has no concentration of credit risk.

Custodial credit risk (investments) – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment in the Utah Public Treasurers' Investment Fund has no custodial credit risk.

Components of cash and investments (including interest earning deposits) at June 30, 2013, are as follows:

Cash on hand and on deposit:	
Cash on hand	\$ 250
Cash on deposit	1,146,471
PTIF investment	12,218,334
Money market	300,764
Certificates of deposit	<u>512,847</u>
Total cash and investments	<u>\$14,178,666</u>

Cash and investments are included in the accompanying combined statement of net position as follows:

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

10. RETIREMENT SYSTEMS

Plan Description - Kaysville City contributes to the Local Governmental Contributory Retirement System, Local Governmental Noncontributory Retirement System and Public Safety Retirement System for employers with Social Security coverage, which is a cost-sharing multiple-employer defined benefit pension plans administered by the Utah Retirement Systems (Systems). The Systems provide retirement benefits, annual cost of living allowances, death benefits and refunds to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated 1953 (Chapter 49) as amended, which also established the Utah State Retirement Office (Office) for the administration of the Utah Retirement Systems and plans. Chapter 49 places the Systems, the Office and related plans and programs under the direction of the Utah State Retirement Board whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Systems and Plans. A copy of the report may be obtained by writing to the Utah Retirement System, 540 East 200 South, Salt Lake City, UT 84102 or by calling 1-800-365-8772.

Funding Policy – Plan members in the Local Governmental Contributory Retirement System are required to contribute 6.00% of their annual covered salary (all or part may be paid by the employer for the employee) and Kaysville City is required to contribute 12.03% (Tier 1) and 12.74% (Tier 2) of their annual covered salary. In the Local Governmental Noncontributory Retirement System Kaysville City is required to contribute 16.04% of their annual covered salary. In the Public Safety Retirement System, the City is required to contribute 33.65% for Tier 1 employees of covered salary to the noncontributory division and 21.94% for Tier 2 employees covered by a contributory division. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

Defined Benefit Plan – The Kaysville City Contributions to the Local Governmental Contributory Retirement System for the years ending June 30, 2013, 2012 and 2011 were \$16,858, \$10,633, and \$6,853 respectively and for the Noncontributory Retirement System the contributions for June 30, 2013, 2012 and 2011 were \$485,241, \$409,994, and \$389,580 respectively. For the Public Safety Noncontributory Retirement System contributions for June 30, 2013, 2012 and 2011 were \$369,694, \$282,662, and \$263,908 respectively. For the Public Safety Contributory Retirement System contributions for June 30, 2013 and 2012 were \$4,357 and \$888 respectively. The contributions were equal to the required contributions for each year.

Defined Contribution Plan – The City also provides a 401(k) plan for employees. The plan is adopted and amended by the City Council, administered by the trustees with money management and contract administration provided by The Principal Financial Group. The plan is funded by the City based on employee classification. The Plan covers all City employees and participants who are fully vested. The employer's share of contributions for the year ended June 30, 2013 totaled \$76,610. The 401(k) plan has an elective deferral option. Employee contributions for the year ended June 30, 2013 totaled approximately \$83,930.

The Local Government Retirement System also offers a 401(k) plan for employees who are included in the noncontributory Tier 2 retirement program. The employer's contributions into this plan for the year ended June 30, 2013 totaled approximately \$1,840.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

11. RISK MANAGEMENT - CLAIMS AND JUDGEMENTS

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters.

The City maintains commercial insurance for all major programs. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

12. INTERFUND TRANSACTIONS

Transfers In/Out

Transfers for the year ended June 30, 2013 were as follows:

Transfers Out	Transfers In			
	General Fund	Debt Service Fund	Ambulance Fund	Total
General Fund	\$ -	\$ 315,000	\$ 165,000	\$ 480,000
Electric Utility Fund	265,000	-	-	265,000
Capital Projects Fund	-	107,000	-	107,000
Totals	\$ 265,000	\$ 422,000	\$ 165,000	\$ 852,000

The above transfers resulted from the normal course of the City's operations. Often, funds are received in a given fund, but those funds are used for a purpose in which the expenditures are made in another fund. The transfer to the Ambulance Fund was to cover operating expenses the Ambulance Fund was unable to cover from its own revenues.

13. PROPERTY TAX

Property taxes are recognized when they are measurable and available. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are due on November 30. City property tax revenues are not recognized when levied because they are not expected to be collected within 60 days after the end of the current year. This policy meets the criteria of the Governmental Accounting Standards Board Codification, Section P70.

No revenue is recognized for delinquent taxes as corresponding entries are made to taxes receivable and deferred revenue. Due to the collection process, which is a County function, delinquent property taxes are reported as revenue when received. The County handles the accounting for property tax collections and the collection of delinquencies can take up to five years, at which time property is sold at tax auctions to collect on property tax liens.

KAYSVILLE CITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2013

14. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Expenditures over Budget:

During the fiscal year the City Council authorized the acquisition of a new fire apparatus through a lease purchase financing. This expenditure in excess of the total appropriation is due to a reporting requirement to record the total proceeds from the lease purchase financing and the associated expenditure in the Debt Service Fund.

Roadway improvements were made as part of the perpetual maintenance of the Cemetery. The expenditures were accounted for in the Cemetery Perpetual Care Fund and were in excess of the appropriated amount.

Utility Services to City Buildings & Facilities:

The City utility enterprise funds have provided services to City buildings and facilities as part of the overall operations of the City. The City will either charge City Departments for utility services or follow the notice and hearing requirements found in Utah Code 10-6-135.

KAYSVILLE CITY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2013

Budget Information

Annual budgets are prepared and adopted in accordance with the "Uniform Fiscal Procedures Act for Utah Cities" by the Kaysville City Council on or before June 22nd for the following fiscal year which begins on July 1 for all the funds. Budgets may be increased by resolution of the City Council at any time during the year, following a public hearing. Budgets are adopted at sub-department levels; however, budget amendments by resolution are generally required only if the department desires to exceed its total budget appropriation.

Budgets for all funds are legally adopted annually on a basis consistent with generally accepted accounting principles.

The City adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

1. On or before the first regular scheduled meeting in May, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means to finance those expenditures.
2. Prior to the formal adoption of the budget, the City Council will hold budget workshop meetings which are open to the public.
3. Prior to budget adoption the City Council sets a date for a public budget hearing at which time taxpayers' comments are heard. Copies of the proposed budget are made available for public inspection 10 days prior to the budget hearing. At the conclusion of the budget hearing, the budget, as amended, is legally enacted through passage of a resolution or ordinance.
4. Formal budgetary integration is employed as a management control device during the year for all funds.
5. Budgets for the General Fund, Debt Service Fund, and the Capital Projects Fund are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). Budgets for the proprietary fund types are prepared using the accrual basis of accounting except that depreciation for all proprietary fund types is not budgeted. Budgeted amounts are as originally adopted, or as amended by the City Council during the 2013 fiscal year.
6. Unencumbered budget appropriations lapse at the end of the fiscal year.
7. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded for the applicable appropriation, is utilized in the General Fund. For budgetary purposes appropriations lapse at fiscal year end and except for that portion related to encumbered amounts.

KAYSVILLE CITY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (continued)
June 30, 2013

Summary of Action Required for Budget Changes

1. Transfers of unexpended appropriations from one expenditure account to another in the same department can be made with the consent of the Budget Officer.
2. The Council may, by resolution, transfer unexpended appropriations from one department to another department within the same fund. The budget appropriation for any department may be reduced by resolution.
3. Fund budgets may be increased by resolution after a public hearing. Final amendments to budgets in the current year shall be adopted by the Council by the last day of the fiscal year. Budgets of Enterprise Funds may be increased by resolution of the governing body (public hearing not required).

2005	\$1,403,854	\$2,373,991	\$1,170,005	\$0	\$4,947,850
2004	\$1,389,145	\$2,210,436	\$501,593	\$0	\$4,101,174

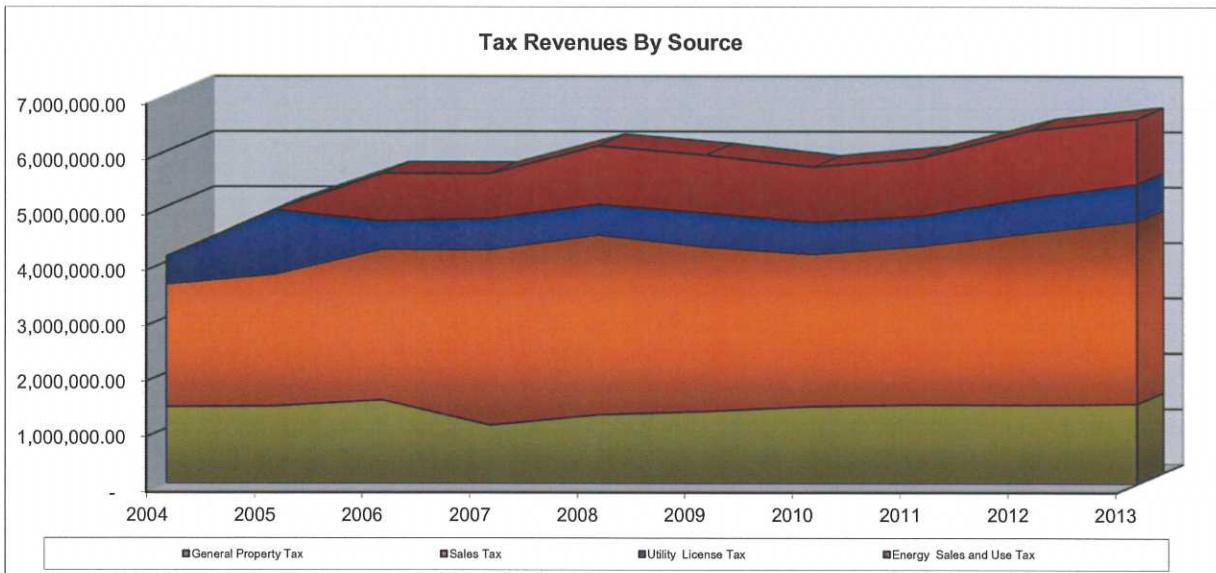

Notes:

(1) General Property tax includes: property taxes current and delinquent, and motor vehicle in-lieu tax
General property tax also includes the allocation to the library special revenue fund (FY 2004-2005)

(2) Utility license tax includes a tax on gross revenues on all public utilities. FY 05 also includes the energy sales and use tax charged to Kaysville City Power. In prior years, it was not classified as taxes. In FY 2006, another column has been created to make a distinction between energy sale and use tax (Questar and Kaysville Power) and taxes on other utilities such as phone service and cable TV.

Notes:

- (1) Information is based on a calendar year - 2012 is the most recent year
- (2) Library funding was transferred to county during 2006
- (3) All taxable property is assessed and taxed on the basis of its fair market value. Utah law requires that the fair market value of property is assessed by the County Assessor, using a comparable sales or a cost appraisal method, excluding expenses related to property sales transactions. For tax purposes, the fair market value of primary residential property is reduced by 45% under present law. Taxable value is net of Redevelopment Agency value.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and Members of the City Council
Kaysville City Corporation, Utah

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of Kaysville City Corporation, Utah ("the City") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 30, 2013.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be

material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying Schedule of Findings and Responses as items 13-1 and 13-2.

Management's Responses to Findings

Management's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Management's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROLS OVER COMPLIANCE IN ACCORDANCE WITH THE *STATE OF UTAH LEGAL COMPLIANCE AUDIT GUIDE*

Honorable Mayor and Members of the City Council
Kaysville City Corporation, Utah

Report on Compliance

We have audited the Kaysville City Corporation's ("the City") compliance with the general and major state program compliance requirements described in the *State of Utah Legal Compliance Audit Guide* for the year ended June 30, 2013.

The general compliance requirements applicable to the City are identified as follows:

Cash Management	Government Records Access
Budgetary Compliance	Management Act
Fund Balance	Conflicts of Interest
Impact Fees	Nepotism
Utah Retirement Systems Compliance	Utah Public Finance Website
Transfers from Utility Enterprise Funds	Open and Public Meetings Act

The City received the following major assistance programs from the State of Utah:

B & C Road Funds (UDOT)

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of the City's management.

Auditors' Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the

United States; and the *State of Utah Legal Compliance Audit Guide*. Those standards and the *State of Utah Legal Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the City and its major programs occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

Opinion

In our opinion, Kaysville City Corporation, complied, in all material respects, with the general compliance requirements identified above and the compliance requirements that are applicable to each of its major state programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State of Utah Legal Compliance Audit Guide* and which are described in the accompanying Schedule of Findings and Responses as items 13-1 and 13-2.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the City's internal control over compliance to determine the auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Management's Responses to Findings

Management's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Management's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

KAYSVILLE CITY CORPORATION
Schedule of Findings and Responses
Year Ended June 30, 2013

State Legal Compliance Finding

<u>Requirement/Program</u>	<u>Current Year Findings</u>
13-1 Budgetary Compliance	<p><u>Finding:</u> State law, <i>Utah Code 10-6-123</i>, requires that officers and employees of an entity shall not incur expenditures in excess of the total appropriation for any department or fund. For the year ended June 30, 2013, expenditures exceeded budgeted amounts in the following funds:</p>

<u>Fund</u>	<u>Department/Category</u>	<u>Amount Over Budget</u>
Debt Service	Total expenditures	\$828,688
Permanent - Perpetual Cemetery	Total expenditures	\$15,867

Recommendation: The City should monitor the status over expenditures as compared to the budget through the year, and amend the budget as necessary to ensure compliance with State Code.

Management's Response: During the fiscal year, the City Council authorized the acquisition of a new fire apparatus through a lease purchase financing. This expenditure in excess of the total appropriation is due to a reporting requirement to record the total proceeds from the lease purchase financing and the associated expenditure in the Debt Service Fund.

Roadway improvements were made as part of the perpetual maintenance of the Cemetery. The expenditures were accounted for in the Cemetery Perpetual Care Fund and were in excess of the appropriated amount.

The City agrees with this recommendation and will take the necessary steps to ensure department expenditures do not exceed budgets as appropriated.

KAYSVILLE CITY CORPORATION
Schedule of Findings and Responses (Continued)
Year Ended June 30, 2013

13-2 Utility Services to

Governmental
Departments

Finding: The City does not charge City departments for utility services used. Not charging a City department for utilities used is in substance a non-cash transfer to another fund without following the notice and hearing requirements found in *Utah Code 10-6-135*.

Recommendation: We recommend the City bill City departments for utility services at the approved utility rates or follow the notice and hearing requirements outlined in *Utah Code 10-6-135*.

Management's Response: City utility enterprise funds have provided utility services to City buildings and facilities as part of the overall operations of the City. The City agrees with the recommendation to charge City departments for utility services or follow the notice and hearing requirements found in *Utah Code 10-6-135*.
