

# A Letter of Appreciation to Our Utah Leaders in Reinstating the Woods Cross Quiet Zone

March 26, 2025

On behalf of the communities within the Woods Cross Quiet Zone, we offer our deepest appreciation to our Utah senators, congressmembers, state legislators, city leaders, businesses, and the many individuals who invested their time and effort to reinstate the quiet zone.

Facing the prospect of two years of significant community disruption, our representatives demonstrated exceptional dedication to finding a solution. Senator John Curtis's direct engagement with the CEO of Union Pacific, Congresswoman Celeste Maloy's advocacy with the Federal Railroad Administration, and Speaker Mike Schultz's leadership with state railway officials were pivotal to reinstate the quiet zone. The combined advocacy of our entire delegation, moving forward with one voice, was decisive in bringing this issue to a successful conclusion.

We are profoundly grateful to Senators Mike Lee and John Curtis, Congressmembers Blake Moore, Burgess Owens, Celeste Maloy, and Mike Kennedy, and Speaker Schultz for their public service, their commitment to addressing our citizens' needs, and their timely intervention.

Sincerely,

Mayor Kendalyn Harris, Bountiful City
